Hello, fellow agricultural sciences professionals!

The 2023 LSU – MENDELU Food Symposium 3.0 featuring Warsaw University of Life Sciences on **March 23rd,** is seeking abstract submissions from now until February 3rd. These submissions will be for either presentation or poster sessions. It is with great honor that we announce that this year's symposium will feature Mendel University, LSU AgCenter, and Warsaw University of Life Sciences. The symposium will take place in LSU AgCenter's main campus, in Baton Rouge, Louisiana. However, virtual participation will also be available for those that are unable to travel.

As agriculture changes with time, we as professionals in agricultural sciences, are poised with new challenges. We strive to overcome these challenges by focusing our research on tackling them in ground-breaking ways! We are seeking today's leaders in agricultural sciences to show us just how these challenges will be addressed.

Sessions will focus on different areas such as:

- Horticulture
- Biotechnology
- Animal sciences
- Nutrition and food science
- Plant environmental and soil science
- Agricultural economics and agribusiness

Your abstract should not exceed 300 words and should include the following:

1. A descriptive title
2. All authors and their affiliated institutions
3. Research objective
4. Methods
5. Results
6. conclusion

Submission Information

All submissions should indicate the area their research falls in, as well as if they want to present a poster or a technical session presentation.

To present your research at the Food Symposium 3.0:

- Send by email a short abstract in English (300 words) before **February 3rd to the following email: 2023FoodSympStudentSession@agcenter.lsu.edu**
- The Conference Committee will evaluate all the submitted abstracts, and authors will be notified by **February 10th ,2023** about acceptance.
- The authors of accepted abstracts will be invited to submit at least one type of these submissions: (oral) presentation slides, poster presentation and/or video presentation before **March 10th, 2023.**

Instructions for Authors

- The abstract should contain: Title, Full author names, affiliation, author's email addresses, and keywords.

Presentation sessions will be assigned to presenters according to availability and will require the presenter to do a 10-minute presentation in PowerPoint or similar software during the symposium.

Poster presentations will be required to submit their final poster by February 24, additionally, a 3–5-minute video recording presenting the poster will be required. Further instructions on the creation of this video will be provided upon submission.

- Poster presentation: size B1 (70.7 x 100 cm)
- Video presentation: Video should be no longer than 3-5 minutes and prepared with the following format .mp4 (max size: 200Mb).
