

LSU – MENDELU Food Symposium 3.0 featuring University of Life Sciences in Warsaw

20 – 24 March 2023

We invite students (Bachelor, Master's, and PhD students) to join our hybrid international conference in a special student session. You will be able to deliver a presentation or poster and discuss your most recent research findings from your thesis, project, or student club accomplishments.

Send an abstract (300 words in English) by email before **February 3rd, 2023**.

The abstract should contain: Title, Full author names, affiliation, author's email addresses, and keywords.

"From farms and fields to forks and plates"

The student session will cover food-related topics, including but not limited to:

- Horticulture
- Biotechnology
- Animal sciences
- Nutrition and food science
- Plant environmental and soil science
- Agricultural economics and agribusiness

If you need more information, please let us know.
